Profile

Open minded, friendly, able to work individually as well as a team player and leader with experienced in system and data analyst. Capable and eager to learn new technologies and methodologies, with great enthusiasm to transition into an engineering role. An avid problem solver who excels and remains poise in high pressure environments.

Experience

WAREHOUSE MANAGEMENT SYSTEM ANALYST| INFOSYS (SUBCONTRACTED WITH NIKE) | JAN 2022 – FEB 2024

- Help maintain, test, and improved Nike's warehouse system. Simultaneously supported 5 of Nike's major distribution center in North America.
- Used SQL to update, delete, and insert data in Nike's vast database that housed information on their inventory, customer, warehouse location, users and customer orders.
- Collaborated with distribution center managers to modify specific inventory locations to ensure Nike warehouse robots have optimal pathing.
- Manually tested weekly new system updates as well as create automated testing scenario using Nike's inhouse testing platform.
- Mentored new teammates and got them up to speed with how Nike's system works.
